COMMENTS FROM THE PUBLIC:
Tom Jones, 401 Lois Street – Since the Taser incident in the Town of Mukwonago, I have noticed one of our patrol cars responding as backup to the Town of Mukwonago calls. Are the Village residents being compensated for this by the Town? Are the Village taxpayers paying for this support when the Town could hire additional patrolmen and purchase cars or call the county?

Mr. John Jansen of Ruekert & Mielke presented the Regional Ground Water Model to the Board. Four communities, City of Waukesha, City of Muskego, Village of East Troy, & Village of Mukwonago are looking toward tapping into the Troy Bedrock Aquifer for their future water needs. SEWRPC is doing the study of the water use for this area. Each community would pay $11,000 for this project. The other three municipalities are already signed on. It would take six months to complete the work. Referred to Public Works Committee.
