Public Hearing
Public hearing to consider an ordinance to adopt an Official Map for the Village of Mukwonago opened at 7:33 p.m.
Bruce Kaniewski, Village Planner – The purpose of the map is to identify future potential roads to prevent structures from being built on those locations. Identified all the various aspects of the map, including lands within the boundary agreements with the Towns of Mukwonago and East Troy, Village-owned parks, wetland areas, and wellhead protection areas.
Marilyn McCarthy, S108W27690 Maple Ave. – Not happy with the plan to divide her property. Needs STH 83 access. Concerned with trespassing and drainage ditches. The Village will need more money for plowing. They would be restricted from building on their 44 acre farm.
Kevin McCarthy, 1475 S. Rochester St. – Opposed to roads with 120’ right-of-ways. Concerned with the current drainage ditches and tile lines on the property. This will affect his livelihood. There is currently only a 33’ access to STH 83, and would like to keep that.
Shawn Reilly, Village Attorney – The roads shown on the map are not proposed roads, but rather potential future roads that would not be developed until the owners of the properties do so.
Public hearing closed at 7:50 p.m.

Motion made by Decker/Winchowky to adopt Ordinance No. 865: Ordinance to Adopt an Official Map for the Village of Mukwonago carried unanimously.

Letter of Commendation
Police Chief Kevin Schmidt presented letters of commendation to Village Officer Robert Kreiser and Town Officer Brad DeGrau for actions taken on February 17, 2013 to avoid a
tragedy in the simple consideration of checking on Town residents on Woodland Dr. who left their vehicle lights on. The family involved in the incident was in attendance and spoke about being woken up in the middle of the night due to their vehicle parking lights being left on. Because the resident was awake, he noticed the smell of gas only to find a broken gas pipe pouring gas into the home. We Energies was immediately contacted. They stated that if the residents did not notice the smell that evening, the house may have exploded that night.

Architectural review for the property located at 200 S. Rochester St.

O’Bryan was concerned that the Board should wait until the Board of Zoning Appeals accepts or denies the variance. Comments from the Public
John Walejewski, 931 Kims Ln. – Spoke about new (proposed) recycling fee. Does not know enough about it.
Jennifer Przybyla, W303S10490 Sandy Beach Rd., #8 – Operated the Badger State Outboard Association boat race over the summer. It was a very successful event and thanked the Village for allowing them to do it.
Mike Anderson, 604 Crestview Ln. – Spoke about proposed recycling fee. Asked if property taxes will be decreased as a result. Asked if commercial properties were assessed differently for garbage and recycling.
Steve Veruyn, 425 Andrews St. – Spoke about proposed recycling fee. Does not think it is fair that he pays taxes to WCTC and the school district even though he does not use those services. The fee structure is a penalty to residents, and it is not tax deductible.
Joe Rice, 428 Blood St. – Spoke about proposed recycling fee. Asked the Board to discuss it but not act on it tonight.
Nick Henriksen, 425 Ahrens Dr. – Spoke about proposed recycling fee. This fee is taking money out of their discretionary income.
Joe Feuling, 1246 Riverton Dr. Spoke about proposed recycling fee. The Board is doing this to skirt State law. There may be a fight in court.
Mark Weiss, S100W35655 Eagles Preserve, Eagle, WI – Owner and operator of Half-Time Sports Grille. The building is assessed at $64,000 but should be closer to $300,000. That brings in more taxes. Businesses help residents in tax revenue.
Jeff Schmittinger, 1259 Crown St. – Spoke about proposed recycling fee. The economy has not turned around. $5 per month is two meals.
Donna Rush, 900 Kims Ln. – Spoke about proposed recycling fee. A conservative Board should be more cognizant of the taxes. Would like more notice.
Jo Markham, 424 Fritz Way – Spoke about proposed recycling fee. Asked for a referendum.
Kyle Forster, 257 MacArthur Dr. – Spoke about proposed recycling fee. Asked that there be no action tonight until there is more information.
Mary Pires, 1128 Eastern Tr. – Spoke about proposed recycling fee. Feels like the Board did not listen to the people who spoke at the budget hearing last year. The Board should cut back on expenditures instead of raising the burden on taxpayers.

Construction within Village Right-of-way

Motion made by Penzkover/Fickau to approve the construction of a handicapped ramp within Village Right-of-way on Atkinson Street for the property located at 200 S. Rochester St. contingent upon the execution of an agreement at the next meeting. O’Bryan questioned the width of the ramp, comparing it to the attorneys office across the street. He is concerned there is no room for water runoff, that if the ramp were allowed then the width should only be for what is needed, the DOT caused the hardship on the past owner, and the current owners knew what they were walking into, and allowing this is not in the best interest of the Village. He questioned who will police the handicap access. Decker stated there needs to be room for snow removal. Sellenheim stated the difference between the attorneys office and this proposal is the restaurant will be using it as an entry way. Fickau he fine with the design because the inspector gave it approval. Gene Eggert, Architect for Half Time Sports Grille, stated the downspouts are designed to pour into green space, the design of the ramp enhances the aesthetic appearance, and the ramp is designed to handle large amounts of people. DPW Supv Brandemuehl stated snow removal from the sidewalk could be a problem, and the further away from the sidewalk, the better. Motion carried on a vote of 5 ayes and 2 nays (Decker and O’Bryan voted no).
